EDUCATION

Boston University - B.A. in Computer Science

Boston, MA | Class of 2020

- Minor in Communications
- Notable Coursework: Web Design, Fundamentals of Design, Computer Systems, Computer Science 2, Intro to Databases (Spring '19), Computer Languages (Spring '19)

WORK EXPERIENCE

BPG Advertising - Interactive Research Intern

Los Angeles, CA | May 2018 - Aug 2018

- Researched and ideate interactive projects and advertising campaigns. My main responsibility was to put together research documents for campaigns that needed greater insight. Some research for pitches I have done were for Funimation and Amazon.

BU, Gifts & Records Dept. - Data Entry Assistant

Boston, MA | Sep 2018-Present

- Edit, check, and enter in data of BU alumni in a Blackbaud CRM database. This includes going over information from mail and excel files.

PROJECTS

Autonomous Car – Coder

Boston, MA | Oct 2017–April 2018

- Coding in a team of nine BU students and a professor to develop an autonomous RC car that can drive through a building. Main duty was to learn C and work with a partner to develop various different functions of the RC car.

Cee uS – Strategist

Boston, MA | Sep 2017-Dec 2017

- Collaborated in a team of five to come up with a business plan to promote a healthy snack alternative. Tasks involved data collection, strategy, and cooking.

SKILLS

Programming: Java, Python, HTML, CSS, JavaScript (beginner)
